

## INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from indigestion, there is nothing so effective as Ayer's Pills. These Pills contain no calomel or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive to-day, if it had not been for them. They

## Cured

me of Dyspepsia when all other remedies failed, and their occasional use has kept me in a healthy condition ever since." L. N. Smith, Utica, N. Y., writes: "I have used Ayer's Pills for liver troubles and indigestion, a good many years, and have always found them prompt and efficient in their action." Richard Norris, Lynn, Mass., writes: "After much suffering, I have been cured of Dyspepsia and liver troubles

## By Using

Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Burdett, Troy, Iowa, writes: "For nearly two years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. A friend of mine, who had been similarly afflicted, advised me to try Ayer's Pills. I did so, and with the happiest results. My food soon ceased to distress me, my appetite returned, and I became as strong and well as ever."

## Ayer's Pills,

Ayer's  
Cherry Pectoral

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 159 West 128 st., New York, writes: "While in the country, last winter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and, in less than half an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

## Saved My Life,

and also the life of my little son. As he is troubled with Croup, I dare not be without this remedy in the house." Mrs. J. Gregg, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Coughs and Croup. It gives immediate relief, followed by cure." Mrs. Mary E. Evans, Scranton, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it acts like a charm. In a few minutes after the child takes it, he breathes easily and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral." Mrs. Wm. C. Reid, Freehold, N. J., writes: "In our family, Ayer's medicines have been blessings for many years. In cases of Colds and Coughs, we take

## Ayer's Cherry Pectoral,

and the inconvenience is soon forgotten."

## STRIKERS STAND SOLID.

## THEY DECLINE TO MAKE CONCESSIONS IN CINCINNATI.

Resolutions by Labor Unions Denouncing the Red Flag--The Stars and Bars the Only Banner--Socialism Subverted--The Military--From the Labor World.

CINCINNATI, May 11.--The labor strike has entered its second week. There is a firm determination on the part of the strikers remaining out to hold out for their demands. On the side of the employers there was on Saturday a hope that the strikers would be influenced to return to work. The strikers expressed themselves as not looking for concessions at the end of the week. Many workmen wonder that the state legislature, when passing a law in favor of the eight-hour day, did not at the same time arrange for its enforcement. Saturday night and Sunday passed very quietly. There were smaller crowds than usual at the Sunday pleasure resorts, and such workmen's meetings as were held were notably orderly.

Printers' Union No. 3 passed resolutions denouncing "the red flag of the Commune," pledged themselves to support the lawful authorities and follow the stars and stripes; it also called the attention of capitalists and corporations to recent occurrences at Chicago and Milwaukee, and reminded them that the importation of foreign labor to supplant American workmen at cheaper rates may prove dangerous.

Central Labor Union of street laborers also passed resolutions condemning disorder and anarchy, requesting all workmen to refrain from acts of violence, and recognizing only the stars and stripes.

The Brewers' union also condemn the red flag.

Central Labor union at the same time time asserted that the present movement of wage-workers is in the interest of humanity and justice, and that all men have the right, under the constitution, to assemble and discuss their grievances and demand fair remuneration for labor. It also condemned the calling of the military when no act of violence had been committed, and considered such action an intimidation.

Though some employers have expressed a determination to begin with new men, there is a difficulty in getting men to take the place of the strikers. Many refuse upon principle, and those who do not have a fear of personal consequences, for no military and police protection could save them from being spotted as fellows who took other men's jobs during a strike. There are elements of danger in employing such workmen.

Dr. A. Otto Walster, the Socialistic leader in this city, is the husband of a boarding-house keeper at 290 West Third street. He has been for years connected with Socialism in Germany, whence he was exiled, and went to New York and St. Louis. He is about forty-five years old, but looks older. He claims now to be a very mild Socialist, in no way an Anarchist, and promises to issue no more circulars while the labor troubles last here.

Henry Schumann, the Socialist who was arrested and let go, is a small man of about fifty-five. He is a peddler of literature, and the banner he carried in the labor demonstration was really an advertisement, as it bore the words: "Read Carl Marx, on Social Philosophy." He was arrested at Workmen's hall Saturday night while distributing circulars written by Dr. Walster in favor of Socialism. There was not the slightest occasion for his arrest, as he is a respectable, law-abiding citizen.

The camp of the Seventeenth regiment O. N. G. at Burnet Woods park is now in full routine. Yesterday it was visited by ex-Governor Hoadly, Mayor Smith, Chief of Police Moore, Milo G. Danks, Gen. Hickenlooper and family, Col. Luther Parker and many others of prominence, as well as by the fair women and brave men of Clifton and Corryville.

At Camp Foraker, Carthage, things are pretty much the same. Complaint is made that sufficient food cannot be readily obtained at Carthage. The camp now consists of the Third, Seventh and Fourteenth regiments O. N. G. The First regiment O. N. G. is holding itself in readiness at the armory.

Furniture workers at a mass meeting Sunday denounced as false the reports that many of the men desired to return to work on the old terms; accused the papers making such statements with co-operating with the manufacturers; resolved to stand united until the demands are acceded to, and condemned the calling of the militia and special police as without grounds.

## In Chicago.

CHICAGO, May 11.--The excitement over labor troubles this morning was principally confined to the lumber district. In this section great crowds assembled at an early hour to see whether any of the old hands in the yards and planing mills would return to work. Along Blue Island avenue and Twenty-second street the sidewalks were lined with men, and a heavy patrol of policemen were on hand to quell any disturbance.

The only mill to start up was that of P. Wohler & Co. Here eighty men went to work at eight hours with nine hours pay. Thomas R. Lyon put some of his teamsters to work, but as they are employed by the month the circumstance did not attract much attention.

Later in the morning all the sash, door and blind factories in the district started up. About 150 men went to work. They will get nine hours pay for eight hours work. The planing mill men said they would start up, but could not, as they are dependent on the lumber yards for material.

## The Blue and the Gray.

WASHINGTON, May 11.--The visit of veterans, Union and ex-Confederates, to the battlefields of South Mountain and Antietam, which takes place May 17 and 18, bids fair to become a notable event. Gen. Bragg, Rosecrans, Doubleday, Dudley, Hunt and Newton, of the Union forces, and Longstreet, Lawton, Johnston and McLaws, of Lee's army, and many other veterans of rank and file, who were either the blue or gray, have accepted invitations, and will be of the party. The party will leave Washington on the morning of the 17th, via Baltimore and Ohio railway for the battlefield, returning the night of the 18th.

## A LIE NAILED.

Patrick Egan Refutes the Vile Slanders of the London Press.

LINCOLN, Neb., May 11.--Patrick Egan, president of the Irish national leagues of America, has forwarded the following telegram to Mr. Parnell:

"To Charles S. Parnell, London: 'The statements of the Standard, Globe, Daily Telegraph, and St. James Gazette, charging our countrymen with instigating Socialist riots in Chicago are unfounded libels. Not a single Irishman was among the Anarchists, while most of those who fell defending public order were of our nationality. This latest evidence of malice on the part of the English press has greatly helped our cause among the American people.'"

"PATRICK EGAN."

## OUR NATIONAL BUDGET.

## STATES CALLED FOR THE INTRODUCTION OF BILLS.

American Vessels That are Excluded from Commercial Privileges in Foreign Ports. A Call for \$51,000,000--Absent Members--Gold and Silver Bills.

WASHINGTON, May 11.--The states were called for the introduction of bills for reference. Among others the following were introduced:

By Mr. Dingley, Maine, providing that when foreign countries exclude American vessels from commercial privileges in their ports the president shall issue a proclamation limiting the commercial privileges of similar vessels belonging to the countries which discriminate against America.

By Mr. Breckenridge, of Kentucky, a preamble and joint resolution reciting that there was on April 30, 1886, in the United States treasury, \$56,507,005 bearing no interest, and directing the secretary to call in \$51,000,000 within the next three months in sums of \$17,000,000 a month.

By Mr. Bench, of New York, amending the rules so as to subject a member who is absent during a call of the house to a fine of \$100.

By Mr. Bland, of Missouri, providing that any holder of standard gold or silver coin may deposit the same with the treasurer or any government agent, depositing in sums of not less than \$10 and receive therefor notes to be called "coin notes," of the United States. Section two, makes it unlawful to issue gold or silver certificates and provides that all such certificates heretofore issued shall be cancelled and destroyed and the coin notes issued in lieu thereof. Section three directs the secretary of the treasury to maintain a reserve of not more than \$100,000,000 gold and silver coin for the redemption of legal tender notes and an additional reserve equal in amount to the outstanding coin notes issued.

All other surplus revenue rate required for the payment of the current expenditures of the government shall be paid out monthly in the redemption of the interest bearing debt of the United States that may be subject to call, provided that in the discretion of the secretary of the treasury, not more than \$15,000,000 shall be paid in any one month.

The house then proceeded to the consideration of business reported from the committee on the District of Columbia.

## Senate.

WASHINGTON, May 11.--In the senate a large number of petitions were presented; among them one by Mr. Voorhees, signed by many citizens of Arizona, praying that the senate may reject the house Mexican pension bill, because it does not give the pensioners enough. Referred.

## HORRIBLE ACCIDENT.

Four Persons and a Team of Horses Ground Into a Shapeless Mass.

FORT WAYNE, Ind., May 11.--As train No. 8 was passing the little station of Inwood, six miles west of Plymouth, at 6 o'clock this morning, a horrible accident occurred, and four deaths will be the result. John Wymer, a young farmer, living a mile and a half east of Inwood, started for his home this morning, accompanied by his wife and two daughters, aged three and four years, and drove out to visit some friends. After spending most of the day, they started back and reached Inwood just as the train was due.

Wymer had been cautioned by one or two persons to beware of the crossings, but heedless of these warnings, he kept on his way, and as his wagon was passing over the track it was struck by the engine. Both horses were killed instantly as was also Wymer and the oldest child. His wife and the other child escaped instant death, but cannot recover. They were mangled so as to make their forms almost unrecognizable, and presented a sickening appearance.

The eldest child's head was completely severed from the body and lay at a distance of ten or fifteen feet away while Wymer was simply a shapeless mass of human flesh. A few feet scattered along the track where they were thrown and were viewed by a large number of passengers. The wagon was a complete wreck and the team was an unrecognizable mass of horse flesh and bones. They had been held by the harness and both were instantly killed. The train was running at the usual rate of speed in passing the station and after having struck the wagon was stopped and backed down to where the victims were. The coroner will probably hold an inquest to-morrow.

## Grand Outing.

CINCINNATI, May 11.--The First and Second Kentucky Regiment association is making preparations to run a grand pleasure excursion on June 5 to Kanawha Falls, over the scenic Chesapeake & Ohio railroad. From the extent of the arrangements made by the regiments and railroad company, it would seem that they expect to deplete the Ohio valley of its recreation-loving public. It certainly will be the excursion feature of the central states this season, and the occasion will be one of unusual interest.

The tow boat, Joe Nixon, came near being destroyed yesterday morning at Pittsburg by the letting go of a natural gas main in the bottom of the river. It let go just as the Nixon was backing out from the wharf, and for an instant one side of the boat was enveloped in flames.

## VICTIMS OF THE RED FLAG.

## ANSWERING THE ROLL CALL FROM ETERNITY'S PATROL.

Mayor and Mrs. Harrison Visit the Hospital--Cheerful Words and Beautiful Flowers--Contributions to the Policemen's Fund--The Last Sad Rites.

CHICAGO, May 11.--Already five policemen have died from the effects of their wounds. Officer Sheehan died at 5 o'clock last evening. He was conscious up to five minutes before his death. His brother, the only relative he had in the city, remained at his bedside from the time he was taken home wounded until he died. A surgeon examined the remains and found that a ball had entered the back, passing through the liver and coming out through the abdomen. The officer was also shot through the leg. The doctor said Sheehan would have died soon after he received his wounds had he not had a good constitution.

Frank Lewis, a shoemaker, died from a gun-shot wound received during the battle last Tuesday night. He was known to the police as a hard character, having served a term in the penitentiary several years ago. The other wounded policemen are expected to recover.

The county hospital was thronged yesterday with their friends. Mayor and Mrs. Harrison were among the visitors. The mayor shook hands and talked with them and Mrs. Harrison gave them flowers.

The contributions to the policemen's fund amount to \$25,000. The Policemen's Benevolent association will pay \$2,000 to each family of the dead officers. The money up to be turned over to the department will swell the fund to \$60,000. Congressman Lawler has forwarded from Washington his check for \$100 for the relief of the families of the wounded policemen.

The funeral of officer John J. Barrett, one of the officers wounded by the bomb thrown Tuesday night, took place yesterday morning. The casket was covered with flowers. The deceased was a member of the Molders' union, and over two hundred from that organization were present. The work, which still keeps the policemen at their posts, prevented the attendance of many fellow-officers. The remains of the dead officer were escorted to the Northwestern depot by two hundred molders. The body was interred at Calvary. As the procession marched past the Desplaines street station, all the officers were drawn up in line in front of the building and presented arms.

## A New Anarchist Paper.

CHICAGO, Ill., May 11.--The central labor union held a secret session yesterday upon the advisability of continuing the publication of the Arbeiter Zeitung. Lengthy speeches were made upon the recent outrages and the police were heartily abused while a guard saw that none of them came within hearing. It was decided that the paper should change its name. It will hereafter be known as the Volks Zeitung, and will be modeled after the Volks Zeitung, of New York. Special committees were appointed to visit the unions belonging to the central labor union to raise money to equip a new printing house and job office for the Volks Zeitung.

The executive council also resolved to publish the paper under its direct supervision as the organ of trade unions. Until such time as the new office shall be fully equipped the Zeitung will not be resumed. The union decided that the great eight-hour issue had been in no wise injured by the bomb throwing, and that the only persons hurt were its natural enemies, the police. Members of the union figure that they have adherents enough to support the paper, and it is promised that the Spies gang shall have nothing to do with the new paper.

## A HOME FOR MORMON WOMEN.

Mrs. Newman Deplets the Horrors of Mormonism and Asks an Appropriation.

WASHINGTON, May 11.--Mrs. Newman, representing the Industrial Home, an incorporated institution of Utah, addressed the senate committee on education and labor, advocating an appropriation for the support of that institution. She is endorsed by the Utah commission, by Chief Justice Zane and his associates, by ex-Governor Murray and the Gentile clergy of the Territory. The object of the institution is to fit for self-support such of the women and girls of Utah as wish or can be induced to escape the evils of polygamy. It is proposed to teach the duties of domestic service and such of the trades and professions as women are fitted for, and by means of a "bureau of information" to find employment in the states for the graduates of the institution, and supply them the means of getting away.

Mrs. Newman made an eloquent address depicting forcibly the horrors of polygamous life as described to her by the women who had suffered them, and stated it as the belief of the intelligent Gentiles of the territory that if the opportunity of escape were afforded many Mormon women who are now in a condition of slavery would be rescued. The Mormon legislature, she said, could not be depended upon, of course, to give support to an institution of this kind. The Gentiles of the Territory, who were there to make their fortunes, could not identify themselves with it, since that would result in business ostracism, and the Gentile missionaries had not the means to support the institution. Mrs. Newman represented local sentiment among the Gentile portion of the Utah community, as favoring, first, the government of the Territory by a commission, and, second, the disfranchisement of women in the Territory.

## Paid It With Death.

CLEVELAND, May 11.--It now transpires that Deputy Postmaster Robert Harding, who committed suicide last Tuesday, was an embezzler to the amount of \$1,300. It is also known that the postoffice officials were cognizant of his peculations at the time of his suicide but have up to the present successfully concealed the facts.

## He Fell Among Thieves.

NEW YORK, May 11.--Robert P. Nevin, of Pittsburg, visited Coney Island, yesterday evening, and falling among thieves, was relieved of a \$250 gold watch and about \$50 in cash. No clew to the thieves.

## MASONIC.

## Annual Reunion of the Scottish Rite Order in Cincinnati.

CINCINNATI, May 11.--To-morrow begins the thirty-fourth annual reunion of the Scottish Rite Masons. There will be a ceremonial program of three days, during which the Gebulum Grand Lodge of Perfection, fourteenth degree; Dalcho Grand Council Prince's of Jerusalem, sixteenth degree; Cincinnati Grand Chapter of Rose-Croix de H-R-D-M, eighteenth degree, and the Ohio Sovereign Consistory S. P. R. S., thirty-second degree. On Tuesday at 2 p. m. will be conferred the second series of Ineffable grades.

On Wednesday, at ten p. m., the third series of Historical and Traditional grades; on Wednesday at three p. m., the fourth series of Philosophical, doctrinal and Chivalric grades, and at seven p. m. the Modern Historical Chivalric and Philosophical grades.

On Thursday will be elected the Knight of the White and Black Eagle of the H. O. of the Temple, 50th degree, the grand Inspector Inquisitor Commander 31st degree, and the Sublime Prince of the Royal secret 33d degree. On Thursday evening will be given the usual grand banquet of the order. It is understood that there will be numerous candidates for degrees, and visitors are expected from far and near, from St. Louis, Pittsburg, Rochester and other cities. The new cathedral of the rite promises to be the scene of one of the most imposing reunions ever held in Cincinnati.

## ECHOED AND RE-ECHOED.

## THE CZAR OF RUSSIA DICTATES GREECE'S WAR POLICY.

Trustworthy Reports are Hard to Obtain. Worked up to the Fighting Point but Would Rather not Fight--Russia's Descent Upon Bulgaria--Foreign Fancies.

VIENNA, May 11.--English journalists have at last got it through their heads that Russia, and not the combined powers, hold the key of the Turk-Grecian embroglio. Their papers for the past few days have been echoing and re-echoing the fact, which every correspondent in the continental capitals has been cabling for weeks past that the decision as to peace or war had come, not from Constantinople or Athens or London, but from Swordia. Trustworthy reports from the czar's retreat in the Crimea are exceedingly difficult to obtain. The general drift of opinion regarding the decision of the czar is that it will be for war.

The czar has plainly, though not officially, aided Greece for many weeks. Without such aid and encouragement Greece never would have defied the combined powers with such mingled skill and determination as she has shown throughout this crisis. Russia, having thus brought Greece up to the fighting point, is now bound to see that she has a chance to fight, if she wants to fight, with a fair prospect of success. It is very questionable, however, if Greece wants to fight at present, or if Russia desires her to do so. She has earned, by her plucky defense of the powers, the right to keep her frontiers manned by as many troops as she can afford. But these are largely outnumbered by the Turks, and it would quite suit the convenience of Greece to remain in status quo.

It is a firm belief at Athens that the czar will soon make a descent upon Bulgaria. That would call for the services of at least three-quarters of the Turkish army. The garrisons of Thessaly and Epirus would be greatly reduced and the bulk of the army now encamped opposite Greece would be sent to the east. This is exactly the opportunity for declaring war with a prospect of success that Greece is waiting for. Unless Turkey takes the initiative in declaring war, or the promise of help which M. Batzon, is now bringing from Livadia, is even more general than is anticipated. This state of affairs may continue on the Thessalyan frontier for many weeks.

## A Labor Riot.

LYONS, May 11.--Last night a mob of strikers, recently employed in a glass factory here, sacked the house of an artisan who had returned to work, severely beat the man and his wife, and threw their furniture into the Rhone. The rioters then attacked the factory, but the proprietor, forewarned, had armed his loyal employees with fowling pieces, and from the windows of the factory opened fire upon the strikers from all sides. The fusillade was kept up unceasingly, until the mob was forced to withdraw with thirty of their number more or less severely wounded.

## Massing Troops.

VIENNA, May 11.--Both Turkey and Greece are rapidly massing troops at the front and hurrying forward reinforcements and reserves. Many European newspapers assert that Russia will secretly assist Greece in the event of actual war.

## HONOLULU HOLOCAUST.

Eight Squares Destroyed and Eight Thousand Homeless--Two Deaths.

SAN FRANCISCO, May 11.--Advises just received by the steamer Alameda from Honolulu give an account of a disastrous conflagration which occurred here April 18. The fire started in a cook house in the Chinese quarter, where Chinamen, starting a fire in a stove, carelessly set fire to the walls of the building. The fire soon got beyond control. The fire department was inadequate, and efforts were directed toward staying the fire's progress by blowing up buildings. It was not until eight entire squares, comprising sixty acres of the most thickly populated portion of the Chinese quarter, had been destroyed, that the fire's advance was stayed.

About 8,000 people, mostly Chinese, are left homeless. This loss is estimated at \$1,500,000; insurance, \$250,000. Only two lives were lost, a native woman and an unknown person, whose charred remains were found. The king visited the scene of the conflagration, and greatly encouraged the king, often assisting with his own hands.

## Fatally Unhomed.

PUEBLO, Col., May 11.--Edwin Stewart, son of Gen. Edwin R. Stewart, of New York, was thrown from his horse and fatally injured. His father has been informed of the accident, and is on his way here.
